Mrs. Ray Jennings and little son,
John Henry, returned Sunday from
a week's visit in San Antonio. Mr.
Jennings went down and brought
their home in the family car.

Mrs. Henry Stiegler and daughter,
Mrs. Muennink, were pleasant visi-
tors to the Anvil Herald Print Shop
Wednesday, and were interested ob-
servers of the performance of the
Linotype.

Bill Reaves and Bill Taylor, the
two descendants of Ham who were
carried to San Antonio last week on
charges of trying to break the Voi-
stead drouth, are back at home.
Reaves plead guilty to the charge
of illicit distilling and was handed
a prize package in the way of a \$25
fine by the Federal court. Taylor
was discharged without a fine.

Miss Evelyn Lacy, a student at the
State University who staid over after
the regular term for a course at the
first summer school of that institu-
tion, returned home last week.

Mr. Boyd Roberts came in from
Temple last week-end and accom-
panied by his wife, who had been the
guest of her parents, Mr. and Mrs.
R. H. Hudspeth, returned to his head-
quarters last Sunday. Miss Roberta
Hudspeth accompanied her sister
home and will be her guest for some
time.

The little 15-months old baby boy
of Mr. and Mrs. Tom Watson was
drowned in a duck pond down on
Mrs. Joe Brieten's farm Wednesday
afternoon. The little fellow, unob-
served, wandered outside the yard,
and his body was found in the duck
pond with life extinct. The water
in the pond is but a few inches deep,
but evidently he fell face downward
and was unable to help himself. The
body was buried in the Brieten lot
in the Hondo Cemetery Thursday af-
ternoon.

Roland Burge and family were
here from San Antonio Sunday on
a visit to Mr. Burge's aunt, Mrs.
Henry Stiegler. Mr. Burge is the
manager of the St. Anthony Hotel,
San Antonio, and this was his first
visit to Hondo in ten years. Thirteen
years ago he began as an elevator
boy at the St. Anthony and by steady,
honest endeavor rose to his present
responsible position. Another in-
stance of where merit wins, and op-
portunity waits on the boy who stays
on his job.

The Witherspoon Drilling Company
has the contract for the drilling of
the well on the Bless farm, some four
miles south of town. This company
will spud in just as soon as the nec-
essary machinery can be placed. The
company apparently has strong fi-
nancial backing and it is expected
to make a determined and rapid ef-
fort to tap the oil pool thought to
be under its lease. Quite a sum of
money has been placed in the Frost
Bank in San Antonio for use in ex-
ploitation work, and \$2,500 has been
placed in the First National Bank
here to be turned over to the drill-
ing company as soon as the rig is
placed over the location. In the ab-
sence of the promoters Judge L. J.
Brucks is acting as their local rep-
resentative.

Judge M. Schorobiny was here
from Dunlay Wednesday in the in-
terest of a new rural route mail line
he is trying to get established. This
new route would extend east to about
the Dr. Smith farm, from whence it
would turn south and serve people
in the Elstone vicinity, and points
between the Yancey road and Hondo
river, and would be a great conven-
ience to the people of that territory.

W. H. Hawkes, formerly a busy
railroad man but now a Country
Gentleman, enjoying the company of
his Rhode Island Red chickens, the
shades of his own vine—shade is all
vines are good for in these Dean and
Voistead degenerate days—and the
fruits of his own fig tree, was a visi-
tor in Hondo Tuesday. Mr. Hawkes
took advantage of the occasion to
call around at the Anvil Herald office
and enroll on FARMING'S subscrip-
tion list that he may keep up with
the "Off-hand Observations" and
other animadversions of his old
friend, Col R. R. Claridge. We wish
Col. Claridge had about five hundred
thousand more friends just like him.

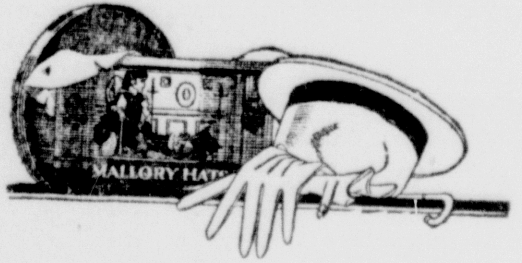

Fletcher's Farming is now estab-
lished and will be a regular publica-
tion issued from this office each
month with the same regularity as
the Anvil Herald is issued weekly.
They are part and parcel of the same
business, each covering a field of ac-
tivity all its own, and will succeed or
fail together. While appealing to a
constituency far beyond the confines
of the Anvil Herald's local field,
FARMING, because of its entire dis-
tinction from the Anvil Herald in its
contents, should appeal none the less
strongly to the local reader. Most
local county seat weeklies are now
\$2.00 a year and some are \$2.50. We
give you both papers for \$2.00, and
if you want us to, will enroll you
now for Farming and you can pay
the \$2.00 when you renew for the
Anvil Herald. Don't miss the earlier
issues.

A. J. Graff, one of the lower Hon-
do's enterprising young farmers, is a
Duroc-Jersey enthusiast. For five
years he has bred them successfully
and thinks they are the breed for
Southwest Texas conditions. Re-
cently he sold his herd boar, Robison
Superior, to Mr. Elmer Rothe, an-
other Duroc-Jersey admirer, and has
bought another younger animal to
head his own herd. Last March Mr.
Graff sold V. F. King two two-and-a-
half-months old gilts at \$9.00
each. Mr. King meant to keep them
for brood sows, but after feeding
them for about three months they got
so fat he feared to try to carry them
through the hot weather and so sold
them on the San Antonio market,
and realized \$44.00 for the two. Mr.
Graff believes it pays to produce
good hogs, and backs up his belief
by delivering the goods.

It would be well enough for own-
ers of Victory bonds to go through
their strong box and examine their
bonds. The Government has exer-
cised its option as to a portion of this
issue and will mature all bearing the
serial letters from A to F inclusive
on December 15, 1922. On that
date the bonds with accrued interest
will be paid off and the bonds retired.
All bonds not turned in for redem-
tion on that date will cease to bear
interest. The remainder of that is-
sue will mature May 20, 1923. These
bonds bear 4 3-4 per cent interest.

Messrs. J. G. Newton, Geo. H. Kim-
mey, L. J. Van Fleet, R. A. Carter,
Paul Richter, Willie Leinweber,
Clarence Van Fleet and Fletcher
Davis constituted an auto party that
went over to Uvalde Monday evening
to attend a meeting of the Uvalde
Lodge of Odd Fellows. Six candi-
dates, all young men of splendid
promise, were given the initiatory
degree, several of the members of
the Hondo Degree Team assisting in
the work. After the degree work, a
delightful repast of sandwiches, cake,
pies, coffee and lemonade was serv-
ed. Several enthusiastic addresses
were made for the Good of the Or-
der, and about one o'clock the Hondo
party boarded its cars for the home-
ward journey, tired but happy and
made better by their visit with the
progressive, growing and forward-
looking Uvalde Lodge.

The Lane-Taylor oil well, on the
Haegelin farm, about five miles south
of town, is exciting the curiosity of
recent visitors. As will be remem-
bered by Anvil Herald readers, this
well was abandoned more than a year
ago. From about a 450 foot depth
to about a nine hundred foot level,
when work on the well was disconti-
nued. Good oil showing were encoun-
tered, but the promoter deemed them
of not sufficient value to continue the
work. Some joints of the casing
were drawn, the drilling crew dis-
charged and no further attention
paid to the well. Recent visitors to
the well have noticed that oil was
steadily issuing from the hole. Last
Thursday week Geo. Neuman had oc-
casion to visit the site and noticed
that oil was within about three feet
of the top. Being curious to know
whether or not it was water forcing
the oil up he lowered a bucket sixty
feet in the well to investigate, and
says for that depth no water was
encountered—nothing but a splendid
grade of oil, and gave it as his op-
inion that oil would be flowing over
the top in a brief time. He says
the well has caved until the top is
some three feet across and that pres-
sure from below, accompanied by
considerable gas, is forcing the oil up.
It occurs to us that the action of this
well would merit the attention of
expert oil men.

The Yancey Oil and Gas Company's
well reached a depth of 512 feet up
to last Saturday, since which time
we have had no report. Rapid pro-
gress was being made up to the end
of last week, after passing through
an extremely hard 34-foot rock.
Last Saturday another hard rock was
encountered, which of course, will
make progress slow until it is passed
through. Taking the old Nixon well
as a criterion, this new enterprise
should be nearing the oil sand and
interesting news from this well is
due at any time.

There was a meeting of the share-
holders of the Castroville Creamery
at the St. Louis Hall in Castroville
last Sunday afternoon to consider re-
opening the Creamery which has been
shut down at that place for a number
of years. The meeting was presided
over by Dr. J. T. FitzSimon who ex-
plained the purpose of the meeting.

By invitation, the editor of this pa-
per addressed the meeting briefly,
stressing the advantage of the dairy
and creamery industry for the com-
munity in contrast with the cotton
growing industry, now practically
abandoned on account of the boll
weevil, and corn growing which is
now seriously threatened by the
presence in some fields of the West-
ern Corn Root Worm. The share-
holders elected a Board of Directors
consisting of some seven men, and
went into executive session for the
election of officers and consideration
of plans for the future of the cream-
ery. The writer had to leave for
home before learning the action tak-
en by the Directors. The Board of
Directors chosen consists of Joe Kel-
ler, Louis Mangold Sr., L. M. Tondre,
L. W. Burrell, Henry Vonfille, Henry
Steinle and Ed Kaufman.

Church. The church was beautifully
and tastefully decorated with large
ferns and pot plants forming a cool,
green background for the bridal par-
ty. Promptly at five o'clock a hush
fell over the audience as the sweet
clear voice of Mrs. O. A. Fly rang
out in the song, "Until," accompanied
at the piano by Miss Nettie Mae New-
ton. As the echoes of the song died
away the strains of Lohengrin's
Bridal Chorus, also played by Miss
Nettie Mae Newton, greeted the at-
tendants as they slowly advanced
down the aisle.

Miss Lucille Newton advancing
down the right aisle and Mr. Henry
Windrow down the left led the bridal
procession. Miss Newton wore a
brown Canton crepe and carried a
lovely bouquet of roses and lilies.
Next in order were Miss Ruth Wind-
row and Mr. Joe Monkhouse. Miss
Windrow was gownned in a black
Canton crepe and carried a bouquet
of roses and lilies. Following them
were Miss Caro Fusselman and Mr.
Sidney Fly. Miss Fusselman wore
henna Canton crepe and carried
roses and lilies. Lastly came the
bride and groom, Miss Gladys Newton
and Mr. W. L. Windrow, down the
middle aisle. The bride was attrac-
tively gownned in dark blue Canton
crepe with hat and accessories of
gray, and she carried a beautiful
shower bouquet of bride's roses,
ferns and lilies. The bride and
groom were met at the chapel rail
by Rev. Geo. G. Smith, who perform-
ed the ring ceremony in a most im-
pressive manner. During the cere-
mony, Miss Nettie Mae Newton, ac-
companied on the violin by Miss
Irene Saathoff, softly rendered the
"Flower Song."

It is not necessary to introduce this
young couple or to enumerate their
fine qualities to the people of Hondo,
for they have been reared among
us and their past lives speak for
them. However, we wish to offer
our congratulations and best wishes
for unalloyed happiness in the future.

HONDO'S RADIOPHONE.

Hondo's first Radiophone, con-
structed by its owner, Origen G.
Crow, is in operation in his home.
Since its installment it has afforded
the amusement of repeated musical
programs broadcasted from DM4
(Kelly Field.) As the receiver is
only a small Audion set, no other
broadcasting station has been heard,
DM4 being the only one within
range that is sufficiently powerful to
actuate it. However, news and
other items of general interest will
soon be heard from the Express Pub-
lishing Company, as that station will
be as powerful as DM4. Getter
expects also to improve his set so
that he will be able to "tune in on"
points at a greater distance.

The credit for having the first
Radiophone in Hondo carries with it
also the credit of having constructed
it as well. Young Mr. Crow, who is
still a boy in High School, has ex-
perimented for some time with wire-
less. From various sources, he has
acquired the materials needed and
in his father's shop assembled them
into a successful, operating instru-
ment. He is still working on it and
expects to develop considerable im-
provements in it.

News has been received in Hondo
of the critical injury sustained by
Miss Pauline, daughter of Mr. and
Mrs. Willie Metzger, in an automo-
bile accident at Electra, Texas, re-
cently. It was thought for a while
that one of Miss Pauline's arms would
have to be amputated, but surgeons
in charge of the case now believe that
it is possible to save the injured mem-
ber. The girl who was driving the
car was instantly killed, and all the
occupants of the car were more or
less painfully injured. The car
was completely demolished.

Henry Merriman is an optimist all
right, and sees a great business re-
vival in the near future. He says
a good cotton crop, the best in sev-
eral years, will be harvested. He
says the best crop in seven years will
be gathered on his farm, and that
picking will begin in earnest about
next Monday. He admits that in
some parts of the county the boll
weevils have damaged the crop, but
taking the county as a whole, is look-
ing for a generous yield, provided
rain stays off for thirty days. That
his prediction may prove correct is
the wish of everyone.

Mrs. C. R. Gaines and Mr. and
Mrs. Arthur Wiede spent Monday and
Tuesday at the Alto Frio encamp-
ment. Mr. and Mrs. Wiede, after
quite a visit here, left Wednesday
and after a few days' visit with Mrs.
Wiede's sisters, Mrs. George Kellums
and Mrs. Joe Inglish, at Kelley Field,
will proceed to their home at Lock-
hart.

MRS. A. P. JONES.

Hondo lost another of its old
respected citizens when Mrs. A.
Jones passed to the realms beyond
grave about 12 o'clock Wednes-
day night. Deceased had long been
invalid, and her passing was not
unexpected.

She was a native of Mississippi,
born at Frankford, in that State
June 15, 1865. In early life
became a member of the Chris-
tian Church and remained a faithful
herent up to the hour of her pass-
ing.

On August 13th, 1872, she
married to Mr. A. P. Jones,
children, both daughters, being
to them, Mrs. B. R. Bradley of
Hondo and Mrs. M. H. Waldrip of
Sabal. Had deceased survived to
the 13th of this month she would
have been married fifty years.

About thirty-one years ago
came to Hondo with her hus-
band and the family home was estab-
lished here, and save for a time she
with her daughter in Sabinal, had
been her home continuously,
during her long residence here
many warm friendships among
people who are grieved by her
passing.

The funeral occurred at 4 o'clock
Thursday afternoon, Rev. J. M. An-
derson, a recent pastor of the Me-
thodist church here, conducting
services, assisted by the Order
of the Eastern Star.

Besides her husband, deceased
survived by two daughters, Mrs. B.
Bradley of Hondo and Mrs. Wal-
ley of Sabinal, and six grandchildren.
The afflicted ones have the sym-
ptom of a large circle of friends
this their hour of sorrow.

How The Master Driver Became Master Tire Builder

IN 1903, driving the "999" racing car, Barney Oldfield started his career of victories that later earned him the title of "Master Driver of the World." To overcome the tire weaknesses that made racing difficult and dangerous, he studied tires—specified materials—supervised construction.

Today, Barney Oldfield is known as the "Master Tire Builder." Starting with the crude tires which carried the "999" one mile in sixty seconds Oldfield gradually developed his famous Cords—a set of which covered 500 miles at eighty-eight miles an hour without a change.

In three years Oldfield tires have won every important race on American speedways. They are the only

American tires that have ever taken first place in the French Grand Prix. They have won for three consecutive years in the 500-mile Indianapolis Sweepstakes. So far in 1922, Oldfields have lowered four World's Records and seven track records.

The Wichita Test Run gave evidence of Oldfield superiority in touring—when a set of four Cords covered 34,525 miles over rutted, frozen, winter roads—a performance attested by the Mayor of Wichita.

See your dealer and get a set of these rugged tires that Barney Oldfield has developed and perfected through a lifetime of practical tire experience. Their performance will convince you that they are "The Most Trustworthy Tires Built."

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I it is the best thing I have the full comfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record over seventy years of successful use to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

GREETINGS
From Rev. J. T. Horger.

To the editor, staff, and all the readers of the Anvil Herald:
Kindest regards and best wishes to every soul whose eyes shall fall upon these lines.
For our summer vacation wife and I boarded the S. P. train at 3:15 on the morning of July 22, and came by way of San Antonio, Flatonia, Giddings, Hearne and Corsicana, arriving at Dallas at 7:10 p. m., where we were met by my son-in-law, Mr. W. W. Cherry, his wife, son and little Miss Gladys, their 17-months old baby girl.

We were soon in the auto and thence into the midst of the Star City of the Lone Star State.
After meandering a few minutes in the city, we were en route, 12 miles southeast, to the farm and comfortable home of Mr. Cherry—our journey's end.

We observed as we came through that the crops were fairly good from San Antonio to Seguin, gradually declining as the lands appear to grow poorer to Flatonia. From there, we turned a northward course, through a very poor, ash-colored, slightly rolling and broken post oak country for about one hundred miles, in which ever and anon appear an humble little dwelling hut, cut short on four sides, with outdoor improvements to correspond.

The gardens, vineyards, orchards, truck patches and farms are spare, and scarce to be found, and as far as we could see, are full-fledged and consummate failures.

A few stock can be seen in the almost barren pastures, which truly represent the country in which they were bred and PARTLY raised.

We Medina county folks have to travel around a little to properly appreciate our own country.

However, before reaching Hearne, we entered a level, rich, brown, sandy loam, valley-like country, consisting of one extensive farm after another, mainly covered with a promising cotton crop, 12 to 36 inches high.

Occasionally one of these fine farms have a neglected and dilapidated appearance. The small rent houses, much alike in shape and size, are generally in rows, about one block apart, and 8 to 15 houses in a row for each farm, which appear to be from 1 to 2 miles across. These little houses are occupied by negroes, almost without exception. No landlord's mansions are in sight; suppose they live in the cities.

Then as we passed Hearne and on towards Corsicana, we gradually ascended a beautiful, somewhat rolling, fertile country; first of a firm sandy loam, and thence into the famous rolling black land prairies of middle Texas. All along the crops are fairly good.

But before we reached Corsicana we passed the celebrated oil fields situated on a moderately elevated ridge one-half to two miles northeast of the town of Mexia.

Scores and scores of derricks, thickly set, on the prairie elevation, perhaps one mile wide and two long are to be seen from the town site. The people in town appear wide-awake, moving. A great crowd met the train, and quite a number got off and on there.

Also other oil fields of less magnitude were seen on our right as we went northward toward Wortham. (Here A. P. Lowery, the noted Methodist Evangelist, got off to hold a union meeting of all the Protestant churches.)

Crops continue good on up to Dallas and throughout this vicinity as far as we have seen.

We went to church out here on Sunday the 23rd, where the Methodists preach twice a month and the Baptists twice. The two congregations have a union Sunday School every Sunday. The preacher for that day did not come, and by invitation, I preached to a congregation of about seventy-five people, who appeared to appreciate the effort.

We purpose to return to Hondo the latter part of August.

Much love to all those who read these lines.

REV. J. T. HORGER.

"LAX-FOS WITH PEPIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates, Regulates. Very Pleasant taste. 1 bottle.

BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Hondo experiences. Hondo people recommend Doan's Kidney Pills. Here's a Hondo resident's statement:

Mrs. P. H. Renken, tinsmith, says: "I have used Doan's Kidney Pills and they have been used by others in my family with the best or results. My kidneys were disordered and acted irregularly. I saw Doan's Kidney Pills advertised and started to use them. One box of Doan's entirely removed the trouble."

Always Gets Good Results.
The above statement was given May 29, 1915 and on May 5, 1919, Mrs. Renken said: "I am just as firm a believer in Doan's Kidney Pills now as when I previously endorsed them. I use Doan's when my back or kidneys bother me and they always cure the attacks."

DEVINE NEWSLETS.

From The Devine News.
Burglars Caught and are Now in Jail
On Thursday morning of this week the store of Loggins & Lilly was broken in and it was soon learned that the store had been burglarized and a number of things missing. Messages were sent out to nearby officers and soon a phone message from Constable Earl DuBose of Moore said that he had two men and all the stuff reported missing. Constable Stroud went down and brought back two young Mexicans who gave their names of John Lopez and Donacian Sanchez. After an examining trial, Justice Roberson placed their bond at \$500 each for burglary and \$500 for theft, making two cases against each, and they were taken immediately to Hondo jail, not being able to make bonds.

Cotton Plant Deteriorating Now
Cotton which promised so much two weeks ago is now deteriorating and fruit is falling both by weevil and dry weather. The crop may be equal to last year, on account of increased acreage, but the yield will not be as good per acre, on the average, it is thought.

Thompson-Crutchfield
Mr. Robert D. Thompson and Miss Lois Mildred Crutchfield were united in marriage Friday afternoon, July 21st, at the home of the bride's parents in Devine, in the presence of the immediate family, Editor W. L. DuBose officiating. The bride is the eldest daughter of Mr. and Mrs. Henry Crutchfield, a very beautiful and accomplished young lady; while the groom is a prosperous young stock-farmer, youngest son of Mr. and Mrs. W. A. Thompson, both coming from old and respected families of Medina county.

Devine's First Bale Came in Friday
The first bale of 1922 cotton to reach Devine was brought in by Anado Cordina Friday, July 21st, and was raised on the Salome farm a few miles south from town. It was ginned by Williamson Brothers, weighed 475 and sold to Adams Company at 23 cents, \$109.75, besides the seeds which were worth at the rate of \$25 the ton, or about \$12; making the bale, seeds and all net about \$120. This cotton came from old stubbles and it will be the middle of August before cotton begins to come in much, as most of the cotton is green and growing nicely.

Will Make Church Pews at Home
After getting prices on patent church pews, the St. Joseph Church has decided to build their own pews in Devine, which Mr. M. A. Keller, one of the building committee, figures will save almost half the cost and leave more money at home. The News commends this kind of home town loyalty. The church has some real cabinet makers in the congregation, one at least, and they can make these pews at home and save money both ways.

L. G. Briscoe Bitten by Moccasin
L. G. Briscoe was bitten by a water moccasin while fishing in Chicon Lake on Thursday evening of last week. He was watching his cork on line and reached down after a minnow for bait, when the snake clutched a finger on his only hand. He immediately drew up the hand and the snake's fangs were so deeply stuck that he drew the snake into the boat. J. A. Crawford, who was fishing close by, came to his rescue, killed the snake and bound up the finger tightly behind the bite, applying some kerosene oil to the bite. On reaching town Dr. Cocheran applied some medicine, and Mr. Briscoe felt no particular pain that evening, but next day it was quite painful and gave him some trouble.

As County 92 Per Cent Clean

ANNOUNCEMENTS.

For Commissioner
We are authorized to announce
Mr. Alf. Zinsmeyer
as a candidate for County Commissioner, Precinct No. 3, Medina County, at the November election.

We are authorized to announce
John B. Ney
as a candidate for re-election as County Commissioner of Precinct No. 3, Medina County, at the November election.

We are authorized to announce
Arthur H. Rothe
as a candidate for County Commissioner, Precinct No. 3, Medina County, at the November election.

We are authorized to announce
Frank H. Schweers
as a candidate for County Commissioner, Precinct No. 1, Medina County, at the November election.

We are authorized to announce
Henry F. Buss
as a candidate for re-election to the office of Commissioner, Precinct No. 1, Medina County, at the November election.

County Inspector Murray of Hondo
and L. O. Johnson of Lytle were conferring here Monday with other inspectors over the dipping business, and Mr. Murray informed us that Medina county is now showing 92 per cent clean of ticks and we are nearly over the hill in the dipping business, if all will co-operate now for the final eradication of the ticks.

If you don't think there are any Kluxers about Devine, ask Morris what the steam roller did for him. Hondo seems to have a bunch there, too, judging from Billy's run there.

Ex-Soldier of World War Buried Saturday

The remains of Monroe Adams, 30, a veteran of the World War, who was gassed at Chateau Thierry, were buried at the Butts Cemetery on the Seco, this county, Saturday at 5 p. m. The body arrived from the U. S. Sanitarium in Houston, via Hondo, accompanied by a niece, Miss Butts, a graduate nurse of Jackson Memorial Hospital, San Antonio, and wrapped in the colors for which he fought bravely, was carried to the home of his sister, Mrs. Henry Butts. The services were conducted at the home of Mrs. Kate Butts, near the cemetery, with a number from Hondo, Yancey and the surrounding communities present. The editor of this paper conducted the sad rites.

HONDO BOY MAKES GOOD.

Students of the University of Texas who achieved special distinction in their scholastic work for the spring term of the long session have been listed on the honor roll, which has just been issued by Dean H. Y. Benedict, of the College of Arts and Sciences. The object of this honor list is to command officially one-tenth of the student body, that tenth whose grades during the term rank them scholastically above the remaining nine-tenths. This "top" tenth is subdivided in five groups, giving rank to the highest averages. In constructing the honor list, account is taken both of the grades made and the number of courses passed, giving credit both to quality and quantity of work done. Freshmen grades run lower than those of the upper classmen, and to attain equal rank on the honor roll, freshmen do not have to make quite such high averages as do the upper classmen.

In 1919 the honor roll was published in this manner for the first time, and since then it has been compiled in the same manner every term. Out of 3,117 students, there were 72 in Group 1, Summa Cum Laude; 149 in Group 2, Cum Laude Ampla; 222 in Group 3, Magna Cum Laude; 319 in Group 4, Ampla Cum Laude; and 412 in Group 5, Cum Laude.

Among the students from Hondo in the University, the following were mentioned as deserving special distinction: Ernest W. Brucks.

FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haass, Secretary-Treasurer, Hondo, Texas, representing 132 borrowers, with \$503,280 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5½ per cent interest and 1 per cent 33 year amortization repayment plan. Nineteen thousand Texas farmers have taken advantage of this system of borrowing over fifty million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only.

DEMOCRATIC COUNTY CONVENTION.

Pursuant to the legal requirements of the Terrell election law, the County Executive Committee met at the courthouse Saturday, August 19th, and canvassed the returns of the primary election of Saturday, July 22. Only ten out of the 19 precincts of the county held elections and the vote was very light in most of them. A total vote of only 759 out of a possible 3,000 votes were cast in the county.

A tabulated report of the vote by precincts for the contested offices appears elsewhere in this issue.

Immediately following the count of the vote and announcing of the result, County Chairman Jack M. Fusselman convened the County Convention. Fletcher Davis was elected Secretary.

Only a few precincts were represented and the convention was a very informal affair. The Committee on credentials was waived and all present were seated as delegates.

Hon. Jno. T. Briscoe, D. H. Fly, V. H. Blocker, Henry Bendele and G. C. Morris were selected as delegates to the State Convention which convenes at San Antonio September 7th. The delegates were instructed by resolution to vote as a unit on all matters coming before the convention.

Fletcher Davis, H. G. Henderson, Joe Ney, W. F. Naegelin and D. C. Brown were named as delegates to the Congressional Convention.

W. B. Hardeman, C. J. Monkhouse, H. E. Haass, John Hans and D. L. Williams were selected as delegates to the Representative Convention.

There were no resolutions of any kind adopted, and the convention adjourned after having merely complied with the requirements of the law.

CARD OF THANKS.

To the many friends who assisted in the burial of our mother and grandmother, Mrs. A. P. Jones, we wish to extend our hearty thanks and gratitude. And we wish to especially acknowledge our debt of gratitude to Brother Alexander and the Order of the Eastern Star.

Sincerely,
Mrs. B. R. Bradley and children,
Mrs. Huber Waldrup.

REPUBLICAN COUNTY CONVENTION.

The Republican County Convention met at the courthouse last Saturday. Henry Batot was named as temporary chairman, and Henry Graff as temporary secretary.

Delegates were appointed to the various conventions with instructions to vote as a unit on all matters coming before the conventions to which they are delegates.

Delegates to the State Convention: John M. Finger, Aug. Schuchle, M. Schorobiny, L. W. Burrell, Paul Reinhart, Paul Keller, Otto Wurzbach. Alternate Delegates: Geo. Leinweber, Toby Koch, O. A. Grell, Joe Keller, Wm. Finger, M. T. Shuchart, Joe Schmidt.

Congressional Delegates: C. W. Gilliam, Ben Mann, J. W. Fullerton, Joe Carle, C. J. Bless, M. A. Keller, Felix Batot. Alternate Delegates: Paul Richter, Wm. Santleben, Gus Rothe, Henry Reitzer, Geo. Heyen, Henry Batot, Chas. Finger.

Delegates to the Legislative Convention: Eric Rothe, Wm. Reitzer, Robert Decker, Hugo Haegelin, A. B. Brucks, Henry Decker, Adolph Haby. Alternate Delegates: Arnold Wurzbach, Felix Stinson, George Bendele, Ernest Hartman, F. D. Neuman, G. A. Grell, Albert Bilhartz.

M. Schorobiny was elected chairman of the county executive committee, and all the old precinct chairmen were re-elected to serve for the ensuing two years.

BANK ELECTION.

The annual meeting of the stockholders of the State Bank of Hondo was held Tuesday, August 1st. All the old officers, E. R. Leinweber, president; Joe Ney, vice-president; H. F. King, cashier; and J. R. Chancey, assistant cashier, were re-elected to their old positions. The following will compose the board of directors for the ensuing year: E. R. Leinweber, I. H. King, Joe Ney, George Muennink, C. W. Gilliam, D. H. Fly, H. F. King and P. Jungman. Mr. Jungman was elected secretary to the board of directors.

Miss Irma Mahaffy of Sulphur Springs, Texas, is here, the guest of her cousin, Mrs. V. H. Blocker.

Goodrich new tire prices

—lowest cost mileage ever known

The new base line tire prices established by Goodrich, effective July 20th, give motorists a definite guide to tire prices as Goodrich Tires are the definite standard of Tire quality. They know now they can buy the very best tire—the one quality Silvertown—the tire that has always held its leadership because—it wears longer, looks better, and because, mileage considered, it costs less than any other tire at any price. Dealers have been quick to point out to their customers the big advantage and economy of buying

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dislodge the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

DEVINE NEWSLETS.

From The Devine News.

Uvalde Had 2,200 Votes; Others 1,800.

Mr. G. C. Morris informs us that after all votes are counted Uvalde county voted 400 more than all the rest of the three counties in the 77th District, and that if he had carried every vote of Medina, Dimmit and Zavala counties and received the 300 he did get in Uvalde, he would have been defeated by Mr. Durham. This heavy vote came in Uvalde as a result of a hot sheriff's race, bringing out every man and woman in the county who could vote.

Little Girl Bitten by Rattlesnake.

The little 4-year old daughter of Mr. and Mrs. Edmund Gardner was bitten by a rattlesnake early Thursday morning, out on the Herring ranch where they had spent the night with Mr. and Mrs. Paul Herring. They had made arrangements to return to town about daylight when the little one was bitten on the leg as she stepped out in the yard. In the excitement of the bite, the snake got away, very much to the unhappiness of the family, who also have two little fellows. First aid was given and a doctor summoned. Both doctors and a nurse were called later. For two days the child hung between life and death, but by constant and heroic measures, at this writing is reported better and may recover.

Mangold Well Shows Plenty Gas.

Unconfirmed reports from the Mangold well say that the gas pressure has blown out cement before it could set and filled the well again with water. Also that cement has been set in Jungman No. 7, and well will be washed and bailed as a test this week. These are in the Christilles field, north of town. Both coal and plenty of water were struck in Noonan well west of town, is the latest report.

Farmer Kicked by Mule, Hand Hurt.

F. X. Schneider, while hauling water for the dipping vat one day the past week, got kicked by a mule, badly lacerating the top of his right hand. Fortunately no bones were broken, and beyond a bad and painful bruise and laceration, it will not be serious.

County Superintendent W. N. Saathoff and son, Wesley, of Hondo, were Devine visitors Thursday.

DEVINE DRY'S "TASTE" IRONY OF FATE ONLY.

Devine, Tex., Aug. 2.—Had the luckless pilot of a bootlegging airplane not run out of gasoline when five miles north of Devine, San Antonio's stock of bottled-under-mysterious-circumstances would have been increased 200 quarts by now. But the gasoline gave out. Now both the plane and liquor are burned. Not even an odor is left.

Country residents north of here were startled this afternoon when they saw a plane heading for earth on a forced landing in a field of Otto Koenig's farm. The pilot tramped to the farmhouse, and told Koenig that he had run out of gasoline. Koenig had five gallons to spare and the pilot loaded up.

But in taking off something happened. The Koenig family and those attracted by the descent of the plane saw the plane slip into a nose dive as it took off. The pilot had no sooner extricated himself from the wreck than it burst into flames.

Bottles, fragments of which indicated that when whole they numbered 200, which broke in the fall spattered over the wings an inflammable substance which put kicky flares in the fire.

The pilot, according to Koenig, wanted to be somewhere else before the plane had been entirely consumed. He offered the rancher \$5 to take him to San Antonio. While he was attempting to drive the bargain a big automobile drove over from the main road about four miles away. The car was occupied by strangers to this community, but the pilot apparently knew them. They said they had seen the plane fall and believed the pilot needed assistance. The whole party hurried away in the machine toward San Antonio.

Prohibition officers from San Antonio arrived soon after. But by that time the party had left, the plane was burned, and the only clue to indicate the plane's mission was the broken bottles. These the officers gathered and labeled.

More Milk!

Cow Chow **Calf Chow**

WHEN you put your herd on the Purina System, you see the results in the milk pail. You make more milk—you save more milk.

Raise calves at less cost

You can feed a calf on Purina Calf Chow for six months for what it costs to feed it on whole milk for 30 days. After the fifth week, you can feed dry Calf Chow. It saves trouble and saves milk.

Why Purina makes more milk

Cow Chow supplies protein and minerals that are nearly always lacking in the average cow's ration. When you supply all the material needed for milk, naturally, the cow gives more milk. You ought to be getting more milk.
